

MICRO
DRONE

T1

T1 dual light infrared unmanned aerial vehicle

Lightweight and Portable | Quick Folding

 36 minute long battery life

 12km image transmission

 3-way binocular vision obstacle

 48 million pixels | 16x digital zoom
Infrared dynamic area temperature measurement

Technical Parameter

DRONE PARAMETER	unfolding dimension	433x516x95mm	folding dimension	210×123×95mm
	axles	368mm	weight	900g
	Max duration	36min	flight speed	18m/s
	connection distance	12km	Max flight height	6000m
	OA direction	front rear down	OA speed	≤10m/s
CAMERA	zoom	1x~16x zoom	zoom accuracy	1x~ 16x zoom
	display mode	fakecolor、whitehot、iron red	pixel	48 megapixels
	temperature range	0~+550°C	temperature accuracy	±3°C
REMOTE CONTROLLER	weight	617g	dimension	226.3*215.4*31.5mm
	charging time	70min	battery durance	2—3hour

Target investigation, emergency search and rescue
law enforcement, power inspection
