

10-inch . FPV Traversing Machine

Heavy load | High speed
Light and portable

140km/h
Superfast flight speed

20km Long-range
flight capability

High strength body

Efficient Dynamic

3.5KG load

10-inch FPV Traversing Machine Parameters

Flight control	F405	Electric control	60AESC
Camera	CADDX Ratel 2	Image Transmission	5.8G 2.5w VTX with antenna
Electrical machinery	3115 900KV	Propeller	HQ 10X4.5X3cm
Receiver	ELRS 915	Image Transmission Range	8km
Size	350X330x36mm	Maximum Empty Flight Altitude	7km
Flight speed	140km/h	Maximum Flight Distance	20km
Elevated Payload	2.5kg	Empty Flight Time	28 mins
Maximum Payload	3.5kg	Laden Flight Time	10 mins (with 6s8000mah, 2.9kg)
